voyager.

Additional security and safety features to elevate your eero experience.

Advanced security
Prevent accidental visits to known malicious sites and help protect connected devices.

Ad blocking
Improve your browsing experience by blocking a variety of ads.

Advanced parental controls
Set restrictions for designated devices based on age range—pre-k, pre-teen, teen, and adult—or content categories.

eero Internet Backup Connect eero to an alternate internet connection to keep the network up and running during an outage.

eero **Plus**

Upgrade to eero Plus

eero Plus gives you all the benefits of eero Secure plus eero DDNS, VPN powered by Guardian, and access to top-rated security apps: 1Password and Malwarebytes.

VPN powered by Guardian
Use a VPN to browse the web privately, even on public wifi.

1Password
Safely create, store, and share unique passwords in one central place.

DDNS
Remote access to your home network devices and content from anywhere.

Malwarebytes
Scan, clean, and protect your devices from viruses and ransomware.
